

Unlike the large and crowded European markets, our Southern Holiday Plantation Markets feature a cozier, more intimate and authentic experience. As the American Queen Steamboat Company riverboat navigates the Mississippi waters, she will bring us to Nottoway Plantation, Louisiana; Natchez, Mississippi; and St. Francisville, Louisiana, where the festivities will be located. Each port features an opulent, Southern plantation, each unique in their own way – these plantations will house the market festivities.

Stop at the Holiday Plantation Markets to shop, listen to live Christmas jingles, and admire the stunning décor, support some of the best local vendors of the south. You will find a collection of hand-crafted, one-of-a-kind items perfect to gift to the family, or to keep for yourself!
