## RIVER DISCOVERY CENTER

In 1988 Mayor Gerry Montgomery and her committee pursued the development of a museum to showcase the Four Rivers Region's maritime heritage. The River Heritage Center was planned in 1992 as the very beginning stages of the mayor's dream. Years later the museum was relocated by Seamen's Church Institute of New York and renamed the River Heritage Museum before finally receiving its current name, the River Discovery Center in 2008. Here explore artifacts, exhibits, and interactive displays that share the history of marine life and the history of the river. Trail Interactive exhibit!

# THE MOONSHINE COMPANY

Explore, taste, and purchase traditional and international award winning Kentucky moonshine and moonshine flavors at The Moonshine Company in historic downtown Paducah. Located only blocks from the confluence of the Ohio and Tennessee Rivers, The Moonshine Company offers complimentary guided museum tours and moonshine samples that are distilled on-site in our 108-year-old building. Get a glimpse into the rich Kentucky moonshine history with their collection of historic moonshine stills and purchase that same moonshine secretly produced and bootlegged by our family over 80 years ago to bring home with you!

## CHECK-IN ALONG THE CHITTLIN' TRAIL

The year is 1915 and America is disjointed by segregation and heavily governed by Jim Crow Laws. In the heart of the country sat Paducah, Kentucky, a quaint, yet bustling city on the Chittlin' Trail. Deemed one of the very few safe and acceptable areas for African American entertainers to perform in the early to mid-1900s, the Chittlin' Trail saw hundreds of musicians as they made the journey from New Orleans to Chicago leaving traces of jazz, blues and soul in their wake.

Follow Miss Maggie through the rooms as she shares the rich history that this hotel has stowed in its walls. Listen as she gossips about its past boarders, including B.B. King, Billie Holiday, and Ike and Tina Turner, just to name a few in the hotel's famous guest book. If you listen closely, you can almost hear the laughter and music reverberating through the hotel's halls and bellowing out into the streets of Paducah.

The Hotel Metropolitan, “The Respectable Place to Stay Since 1909,” is a project of Save America’s Treasures, a US government initiative created in 1998 to preserve and protect historic buildings, arts, and published works.
