PACKAGE INCLUSION DETAILS

MOUNT SAINT HELEN'S FULL DAY TOUR POST-CRUISE TOUR DESCRIPTION (LUNCH INCLUDED)

Explore the unique beauty of Mount St. Helen's, known for her powerful catastrophic explosion in 1980. Get a once-in-a-lifetime view of the mountain's treasures, including the "Blast Zone," where you can see first-hand how nature heals itself. Enjoy the scenery as we wind up the mountain, arriving at our first stop, Coldwater Lake, where a picture-perfect photo opportunity presents itself. Enjoy a delicious included lunch before continuing to Johnston Ridge Observatory, the closest stop to the Mount St. Helen crater, where we will get an incredible shot you will want to keep forever and discover the history of this natural beauty.

- **VISIT AND ADMISSION TO THE INTERNATIONAL ROSE TEST GARDEN**
- **NARRATED JOURNEY TO MOUNT ST. HELEN'S INCLUDING:**
 - The "Blast Zone"
 - Lunch included
 - Coldwater Lake Science and Learning Center
 - Johnston Ridge Observatory*

*Note: Due to the elevation, Johnston Ridge Observatory's accessibility is dependent upon the climate. Johnston Ridge is not accessible in April or November and may be unavailable for some dates in May and October. An additional stop at the Mount St. Helen's Visitor's Center at Silver Lake will replace the Johnston Ridge Observatory in these months.
